

PhD Open Day – 17th April 24

Agenda

- **11.00 - Welcome and Description of the PhD Program in Aerospace Engineering. Manuel Soler.**
- **11.20 - Research Laboratories and Lines, PhD Openings and Future Opportunities. Manuel Soler.**
- **11.45 - Presentation of our alumni network. Marco Raiola**
- **12.00 - Alumni Experience and PostDoctoral Opportunities.**
 - **Iván Castro –INTA**
 - **Guillermo Escribano –Northstar Earth & Space (EU)**
 - **Álvaro Moreno Soto –Marie Curie Fellowship**
- **13.00 – Snack Lunch**

Whether you already have a clear idea of your postgraduate study plans or are just starting to research your options, our open day is designed to give you all the information you need.

You will be able to talk to the Director of the Aerospace Engineering PhD programme and our academic staff, attend short presentations, and learn about a wide range of predoctoral positions that will be open for the 2024-2025 academic year. In addition to this, we will present our Alumni Network and share the table with some of them, listening to their experiences and potential postdoctoral opportunities.

Our open days are an excellent opportunity to learn more about the doctoral studies offered at UC3M and particularly in our field.

We will also have the great pleasure of hosting alumni who will share their experiences with us.

We look forward to meeting you then!
